Course 14	D75, D/H11 Beginner	2,02km	6	75m

Finish time keeping:

Bitte dafür im Ziel stempeln!!!

Please punch at the finish!

SPORTident Air+ Hinweise Hints

Please read carefully the instructions at https://www.sportident.com/documents/information_technical/SI_system_AIRplus/sportident_airplus_information_for_athletes.pdf

It is very important to ensure that the battery in the SIAC has sufficient power before it is used at an event. The station "**SIAC Battery Test**" can be used to perform a straightforward test.

AIR+ functionality is enabled at an event by the **CHECK**-process after the chip has been cleared.

The CHECK-process is mandatory for all SPORTident AIR+ applications. AIR+ functionality is switched off by the FINISH-punch.

Remember!

The active antenna of some GPS-watches can significantly reduce the SIAC's sensitivity. As a general rule a GPS-watch and SIAC shall not be carried on the same arm.
